

- 
- A scatter plot with a white background and a black border. The plot shows data points for three categories: Normal (green), Low (yellow), and Medium (red). The points are distributed across the plot area, with a higher density of points in the upper right quadrant. The legend is located in the bottom left corner, enclosed in a rounded rectangle with a light gray border. It contains three entries: 'Normal' with a green circle, 'Low' with a yellow triangle, and 'Medium' with a red square. The data points themselves are small, semi-transparent shapes: green circles, yellow triangles, and red squares. There are approximately 15 Normal points, 10 Low points, and 10 Medium points. The points are scattered across the plot, with a higher concentration in the upper right area. The legend is positioned in the bottom left corner, with a bounding box of approximately [794, 54, 941, 231].
