

- 
- A scatter plot with a white background and a black border. The plot contains several data points categorized by shape and color. The legend in the bottom-left corner identifies four categories: Normal (green circle), Low (yellow triangle), Medium (orange square), and High (red diamond). The data points are distributed as follows: a cluster of Normal, Low, and Medium points in the top-left; a single High point in the top-center; a cluster of Low, Medium, and High points in the top-right; a single Low point in the bottom-center; and a single Normal point in the bottom-right.
