

-
- A scatter plot with a legend in the top-left corner. The legend is enclosed in a light gray box and contains three entries: 'Low' with a green upward-pointing triangle, 'Medium' with a yellow square, and 'High' with an orange diamond. The plot area is white with a black border. Data points are scattered across the plot, with 'Low' points generally in the upper right, 'Medium' points in the lower left, and 'High' points in the center. There are also some 'High' points in the upper right and 'Medium' points in the center.
