

- 
- A scatter plot on a white background with a black border. The plot contains several data points. A legend in the top right corner identifies four categories: 'Normal' (green circle), 'Low' (yellow triangle), 'Medium' (orange square), and 'High' (red diamond). The data points are clustered in the top-left and bottom-left areas, with one outlier in the bottom-right. The 'Normal' category has 3 points (2 green squares, 1 green diamond). The 'Low' category has 2 points (2 yellow squares). The 'Medium' category has 1 point (1 orange square). The 'High' category has 10 points (8 red triangles, 2 red diamonds). The outlier is a single orange circle.
